These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

II. PERSONS OR COMPANIES MAKING THE SOLICITATION

The enclosed instrument of proxy is solicited by management. Solicitations will be made by mail and possibly supplemented by telephone or other personal contact to be made without special compensation by regular officers and employees of the Company. The Company may reimburse shareholders' nominees or agents (including brokers holding shares on behalf of clients) for the cost incurred in obtaining authorization from their principals to execute the instrument of proxy. No solicitation will be made by specifically engaged employees or soliciting agents. The cost of solicitation will be borne by the Company. None of the directors of the Company has advised management in writing that they intend to oppose any action intended to be taken by management as set forth in this Information Circular.

III. APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the accompanying instrument of proxy are directors or officers of the Company. **A shareholder has the right to appoint a person to attend and act for him on his behalf at the Meeting other than the persons named in the enclosed instrument of proxy. To exercise this right, a shareholder shall strike out the names of the persons named in the instrument of proxy and insert the name of his nominee in the blank space provided, or complete another instrument of proxy.**

The completed instrument of proxy must be dated and signed and the duly completed instrument of proxy must be deposited at the Company's transfer agent, Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1, at least 48 hours before the time of the Meeting or any adjournment thereof, excluding Saturdays, Sundays and holidays.

The instrument of proxy must be signed by the shareholder or by his duly authorized attorney. If signed by a duly authorized attorney, the instrument of proxy must be accompanied by the original power of attorney or a notarially certified copy thereof. If the shareholder is a corporation, the instrument of proxy must be signed by a

duly authorized attorney, officer, or corporate representative, and must be accompanied by the original power of attorney or document whereby the duly authorized officer or corporate representative derives his power, as the case may be, or a notarially certified copy thereof. The Chairman of the Meeting has discretionary authority to accept proxies which do not strictly conform to the foregoing requirements.

In addition to revocation in any other manner permitted by law, a shareholder may revoke a proxy by (a) signing a proxy bearing a later date and depositing it at the place and within the time aforesaid, (b) signing and dating a written notice of revocation (in the same manner as the instrument of proxy is required to be executed as set out in the notes to the instrument of proxy) and either depositing it at the place and within the time aforesaid or with the Chairman of the Meeting on the day of the Meeting or on the day of any adjournment thereof, or (c) registering with the scrutineer at the Meeting as a shareholder present in person, whereupon such proxy shall be deemed to have been revoked.

IV. VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

On any poll, the persons named in the enclosed instrument of proxy will vote the shares in respect of which they are appointed and, where directions are given by the shareholder in respect of voting for or against any resolution, will do so in accordance with such direction.

In the absence of any direction in the instrument of proxy, it is intended that such shares will be voted in favour of the resolutions placed before the Meeting by management and for the election of the management nominees for directors and auditor, as stated under the headings in this Information Circular. The instrument of proxy enclosed, when properly completed and deposited, confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Meeting and with respect to any other matters which may be properly brought before the Meeting. At the time of printing of this Information Circular, the management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any such amendments, variations or other matters should properly come before the Meeting, the proxies hereby solicited will be voted thereon in accordance with the best judgment of the nominee.

V. ADVICE TO BENEFICIAL HOLDERS OF COMMON SHARES

Only registered holders of common shares of the Company or the persons they validly appoint as their proxies are permitted to vote at the Meeting. However, in many cases, common shares beneficially owned by a person (a “**Non-Registered Holder**”) are registered either: (i) in the name of an intermediary (an “**Intermediary**”) (including banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans) that the Non-Registered Holder deals with in respect of the shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant.

Distribution to NOBOs

In accordance with the requirements of the Canadian Securities Administrators and National Instrument 54-101, “Communication with Beneficial Owners of Securities of a Reporting Issuer” (“**NI-54-101**”), the Company will have caused its agent to distribute copies of the Notice of Meeting and this Circular (collectively, the “**meeting materials**”) as well as a Voting Instruction Form directly to those Non-Registered Holders who have provided instructions to an Intermediary that such Non-Registered Holder does not object to the Intermediary disclosing ownership information about the beneficial owner (“**Non-Objecting Beneficial Owner**” or “**NOBO**”).

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your

name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf.

By choosing to send these materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for Voting Instruction Form enclosed with mailings to NOBOs.

The meeting materials distributed by the Company's agent to NOBOs include a Voting Instruction Form. Please carefully review the instructions on the Voting Instruction Form for completion and deposit.

Distribution to OBOs

In addition, the Company will have caused its agent to deliver copies of the meeting materials to the clearing agencies and Intermediaries for onward distribution to those Non-Registered Shareholders who have provided instructions to an Intermediary that the beneficial owner objects to the Intermediary disclosing ownership information about the beneficial owner ("**Objecting Beneficial Owner**" or "**OBO**").

Intermediaries are required to forward the meeting materials to OBOs unless an OBO has waived his or her right to receive them. Intermediaries often use service companies such as Broadridge Proxy Services to forward the meeting materials to OBOs. Generally, those OBOs who have not waived the right to receive meeting materials will either:

- (a) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile stamped signature), which is restricted as to the number of shares beneficially owned by the OBO, but which is otherwise uncompleted. This form of proxy need not be signed by the OBO. In this case, the OBO who wishes to submit a proxy should properly complete the form of proxy and deposit it with **Computershare Investor Services Inc.** in the manner set out above in this circular, with respect to the common shares beneficially owned by such OBO; **OR**
- (b) more typically, be given a voting registration form which is not signed by the Intermediary and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will constitute authority and instructions (often called a "**proxy authorization form**") which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code or other information. In order for the form of proxy to validly constitute a proxy authorization form, the OBO must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit the OBO to direct the voting of the shares he or she beneficially owns.

Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the persons named in the form and insert the Non-Registered Holder's name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions, including those regarding when and where the proxy or proxy authorization form is to be delivered.

B. Compensation Discussion and Analysis

COMPENSATION PROGRAM OBJECTIVES

The Company's compensation policies and programs are designed to be competitive with similar junior resource exploration companies and to recognize and reward executive performance consistent with the success of the

Company. These policies and programs are intended to attract and retain capable and experienced people. The role and philosophy of the Company's Board of Directors (the "Board") is to ensure that the Company's goals and objectives, as applied to the actual compensation paid to the Company's President and Chief Executive Officer and other executive officers, are aligned with the Company's overall business objectives and with shareholders interests.

In addition to informal industry comparables from publicly available information, the Board considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long-range interests of the Company and its shareholders, overall financial and operating performance of the Company, and the Board's assessment of each executive's individual performance and contribution toward meeting corporate objectives. Performance is also recognized through the Company's incentive option plan.

ROLE OF EXECUTIVE OFFICERS IN DETERMINING COMPENSATION

The Board reviews and recommends compensation policies and programs, as well as salary and benefit levels for the Company's executives. The Board also makes the final determination regarding the Company's compensation programs and practise.

ELEMENTS OF THE COMPENSATION PROGRAM FOR FISCAL YEAR 2013

The total compensation plan for the NEOs is comprised of two components: base salary or consulting fees and stock options. There is no policy or target regarding cash and non-cash elements of the Company's compensation program. The Board annually reviews the total compensation of the Company's executives against the backdrop of the compensation goals and objectives described above and make recommendations to the Board concerning the individual components of the executives' compensation.

BASE SALARY

As a junior exploration resource company with no ongoing cash flow or revenues from production, the Company establishes salaries to its executive officers at a minimal level, in keeping with the Company's available resources.

STOCK OPTIONS

The Company has a Stock Option Plan (the "Plan") in place for the granting of stock options to the directors, officers, employees and consultants of the Company. The purpose of granting such stock options is to assist the Company in compensating, attracting, retaining and motivating such persons and to closely align the personal interest of such persons to that of the Company's shareholders, having regard to the fact that the Company has no ongoing cash flow or revenue from production and, as a result, there are limited funds available for the payment of salaries or consulting fees. The allocation of options under the Plan is determined by the Board which, in determining such allocations, considers such factors as previous grants to individuals, overall Company performance, share price, the role and performance of the individual in question, the amount of time directed to the Company's affairs and time expended in serving on the Company's committees.

RISK CONSIDERATIONS

Commencing in 2012, the Board started to review from time to time and at least once annually, the risks, if any, associated with the Company's compensation policies and practices at such time. Such a review occurred at the time of preparation of this Compensation Discussion and Analysis. Implicit in the Board's mandate is that the Company's policies and practises respecting compensation, including those applicable to the Company's

executives, be designed in a manner which is in the best interests of the Company and its shareholders, and risk implications is one of many considerations which are taken into account in such design.

It is anticipated that a portion (set at a level consistent with its industry peers) of the Company's executive compensation will consist of options granted under the Plan. Such compensation is both "long term" and "at risk" and, accordingly, is directly linked to the achievement of long term value creation. As the benefits of such compensation, if any, are not realized by the executives until a significant period of time has passed, the ability of executives to take inappropriate or excessive risks that are beneficial to them from the standpoint of their compensation at the expense of the Company and its shareholders is extremely limited.

The other element of compensation, salary, represents the remaining portion of an executive's total compensation. While salary is not "long term" or "at risk", as noted above, these components of compensation represent a relatively small part of total compensation, and as a result it is unlikely that an executive would take inappropriate or excessive risks at the expense of the Company and its shareholders that would be beneficial to the executive from the standpoint of the executive's short term compensation when his or her long term compensation might be put at risk from such actions.

Due to the relatively small size of the Company, and the current level of the Company's activity, the Board is able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings, during which financial and other information pertaining to the Company will be reviewed, which review will include executive compensation. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

There are no policies in place pursuant to which an NEO or director is permitted to purchase financial instruments including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by an NEO or director.

C. Summary Compensation Table

John McClintock, the Company's President and CEO, and David Douglas, the Company's CFO and Corporate Secretary, are the NEOs of the Company for the purposes of the following disclosure. The compensation for the NEOs, directly or indirectly, for the period from the date of incorporation on August 3, 2011 to December 31, 2013 is as follows:

D. Incentive Plan Awards

As disclosed under "B. Compensation Discussion and Analysis" of this Item IX ("Statement of Executive Compensation"), the Company has in place a Stock Option Plan (the "Plan") for the purpose of attracting and motivating Directors, Officers, Employees and Consultants of the Company and advancing the interests of the Company by affording such persons the opportunity to acquire an equity interest in the Company through rights granted under the Plan to purchase shares of the Company. See "C. Incentive Stock Option Plan" under "XV. Particulars of Matters to be Acted Upon" below for details of the Plan. (A copy of the Plan will also be available for review at the Meeting.)

Options are granted from time to time under the Plan as determined by the Board of Directors, including options granted to executive officers. Previous grants of options under the Plan are taken into account when the granting of new options is being considered.

(1) Salaries include accrued wages payable for 2013. At December 31, 2013, the Company owed \$69,449 (December 31, 2012 - \$ Nil) and \$53,850 (December 31, 2012 - \$ Nil) to John McClintock and David Douglas, respectively, for unpaid wages. Amounts due are non-interest bearing with no specific terms of repayment.

(2) No incentive stock options were granted to the Company's NEOs during the financial year ended December 31, 2013. The value of the incentive stock options granted during the financial year ended December 31, 2012 was \$0.08 per option and the value of the incentive stock options granted during the financial year ended December 31, 2011 was \$0.22 per option. The Company calculated the compensation cost by using the Black-Scholes option pricing model as follows: for options granted in 2012 by assuming a risk free interest rate of 1.19%, a dividend yield of nil, the expected annual volatility of the Company's share price of 144% and an expected life of the options of 2.65 years, and for options granted in 2011 by assuming a risk free interest rate of 1.26%, a dividend yield of nil, the expected annual volatility of the Company's share price of 133% and an expected life of the options of 3.61 years. There was no cash compensation actually paid to any of the NEOs disclosed in the above table in connection with the granting of the incentive stock options in respect of which these "Option-based awards" were calculated.

The Company does not have any share-based awards in place.

OUTSTANDING SHARE-BASED AWARDS AND OPTION-BASED AWARDS

The following table discloses the particulars of all awards for each NEO outstanding at the end of the Company's financial period ended **December 31, 2013**, including awards granted before this most recently completed financial period:

Name	Option-based Awards				Share-based Awards		
	Number of securities underlying unexercised options (#)	Option exercise price (\$)	Option expiration date	Value of unexercised in-the-money options (\$) ⁽³⁾	Number of shares or units of shares that have not vested (#)	Market or payout value of share-based awards that have not vested (\$)	Market or payout value of vested share-based awards not paid out or distributed (\$)
John McClintock	575,000	0.30	November 21, 2016	Nil	N/A	N/A	N/A
	100,000	0.17	November 30, 2017	Nil			
David Douglas	425,000	0.30	November 21, 2016	Nil	N/A	N/A	N/A
	100,000	0.17	November 30, 2017	Nil			

INCENTIVE PLAN AWARDS – VALUE VESTED OR EARNED DURING THE YEAR

The following table summarizes the value of each incentive plan award vested or earned by each NEO during the financial year ended **December 31, 2013**:

Name	Option-based awards – Value vested during the year (\$) ⁽⁴⁾	Share-based awards – Value vested during the year (\$)	Non-equity incentive plan compensation – Value earned during the year (\$)
John McClintock	Nil	N/A	N/A
David Douglas	Nil	N/A	N/A

⁽³⁾ “In-the-money options” means the excess of the market value of the Company's shares on December 31, 2013 over the exercise price of the options. The last trading price of the Company's shares on the TSX Venture Exchange on December 31, 2013 was \$0.03.

⁽⁴⁾ “Value vested during the year” means the aggregate dollar value that would have been realized if the options under the option-based award had been exercised on the vesting date. This amount is calculated by determining the difference between the market price of the underlying securities at exercise and the exercise or base price of the options under the option-based award on the vesting date.

REPRICINGS

There were no repricings of Stock Options under the Stock Option Plan or otherwise during the Company's completed financial period ended **December 31, 2013**.

E. Pension Plan Benefits

The Company has no defined benefit plans that provide for payments or benefits to any NEO at, following or in connection with retirement.

The Company also does not have any defined contribution or deferred compensation plans relating to any NEO.

F. Termination and Change of Control Benefits

The officers' employment agreements provide for a severance payment upon a Change of Control. A "**Change of Control**" is defined in the employment agreements as the acquisition by any person, or by any person and its affiliates and whether directly or indirectly, of common shares of the Company which, when added to all other common shares of the Company at the time held by such person and its affiliates, totals for the first time 35% of the outstanding common shares of the Company.

To be entitled to the severance payment, the officer must resign or be terminated within 6 months of the Change of Control. If an officer resigns or is terminated within that period, the officer is entitled to the severance payment.

The CEO will receive his salary to the date of resignation or termination plus any amounts then accrued for vacation and benefits to that date and an amount equivalent to the monthly installments of his base salary for a period of 36 months and the amount of benefits reasonably calculated to be payable to him for a period of 36 months.

The CFO will receive his salary to the date of resignation or termination plus any amounts then accrued for vacation and benefits to that date and an amount equivalent to the monthly installments of his base salary for a period of 24 months and the amount of benefits reasonably calculated to be payable to him for a period of 24 months.

Any stock options granted that have not vested at the time of a Change of Control will vest effective immediately at the time of a Change of Control and shall expire upon the earliest of their normal expiry date or upon 6 months from the Date of Termination or resignation.

The officers' employment agreements also provide for a severance payment upon termination without cause. Upon written notice of termination (the "**Date of Termination**"), each officer is entitled to a payment consisting of:

- a) the officer's salary to the Date of Termination, plus any amounts then accrued for vacation and benefits; and
- b) the salary that would otherwise have been payable to the officer for the six (6) month period following the Date of Termination and the amount of benefits reasonably calculated to be payable over that time and an additional month's salary for every full year of service to the Company and the amount of benefits reasonably calculated to be payable over that time.

Any stock options granted that have not vested at the Date of Termination will vest effective on the Date of Termination and shall expire upon the earliest of their normal expiry date (assuming no termination) or upon six (6) months from the Date of Termination.

If there is a Change of Control within 180 days following an officer's termination without cause, the officer would receive the difference between the payment received as a result of the termination without cause and the payment pursuant to the Change of Control plus the salary, vacation and benefits that would have accrued from the Date of Termination to the Change of Control.

G. Director Compensation

The Company has no pension plan or other arrangement for non-cash compensation for its directors who are not NEOs, except incentive stock options. During the Company's financial year ended **December 31, 2013**, the following options were granted to directors who are not NEOs:

Name	Number of securities underlying unexercised options (#)	Option exercise price (\$)	Option expiration date
Brandon Macdonald	200,000	0.10	June 28, 2018

The following table discloses all amounts of compensation provided by the Company to its directors who are not NEOs for the financial period ended **December 31, 2013**:

Name	Fees earned (\$)	Share-based awards (\$)	Option-based awards (\$) ⁽⁵⁾	Non-equity incentive plan compensation (\$)	Pension value (\$)	All other compensation (\$)	Total (\$)
Dale Corman	Nil	N/A	Nil	N/A	N/A	Nil	Nil
Brandon Macdonald	Nil	N/A	1,700	N/A	N/A	Nil	1,700

Other than as set forth in the foregoing, no director of the Company who is not an NEO has received, during the most recently completed financial year, compensation pursuant to:

- (a) any standard arrangement for the compensation of directors for their services in their capacity as directors, including any additional amounts payable for committee participation or special assignments;
- (b) any other arrangement, in addition to, or in lieu of, any standard arrangement, for the compensation of directors in their capacity as directors; or

⁽⁵⁾ The value of the incentive stock options granted during the financial year ended December 31, 2013 was \$0.0085 per option. The Company calculated the compensation cost by using the Black-Scholes option pricing model as follows: by assuming a risk free interest rate of 1.69%, a dividend yield of nil, the expected annual volatility of the Company's share price of 152% and an expected life of the options of 5 years. There was no cash compensation actually paid to any of the directors who are not NEOs disclosed in the above table in connection with the granting of the incentive stock options in respect of which these "Option-based awards" were calculated.

(c) any arrangement for the compensation of directors for services as consultants or experts.

X. SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table sets forth details of the Company’s compensation plans under which equity securities of the Company were authorized for issuance at the end of the Company’s most recently completed financial year.

Pursuant to an agreement dated September 6, 2011, the Company agreed to continue to employ David Douglas as its Chief Financial Officer at an annual salary of \$130,000. See "F. Termination and Change of Control Benefits" under "IX. Statement of Executive Compensation" herein for the provisions relating to severance payments upon a "Change of Control".

During the Company’s most recently completed financial year ended **December 31, 2013**, there were no management functions of the Company which were to any substantial degree performed by a person other than a Director or senior Officer of the Company.

XIII. CORPORATE GOVERNANCE

Pursuant to National Policy 58-101 – Disclosure of Corporate Governance Practices (“**NP 58-101**”) the Company is required to and hereby discloses its corporate governance practices as follows:

1. **Board of Directors**

The Board of Directors of the Company facilitates its exercising of independent supervision over the Company's management through frequent meetings of the Board, both with and without members of the Company's management (including members of management that are also directors) being in attendance.

John McClintock, Dale Corman and David Douglas are not considered to be independent, as they are also executive officers of the Company.

Brandon Macdonald and Larry Yau are "independent" directors in that each is independent and free from any interest, and any business or other relationship which could reasonably be perceived to, materially interfere with the director's ability to act in the best interests of the Company, other than interests and relationships arising from shareholdings.

The size of the Company is such that all of the Company's operations are expected to be conducted by a small management team which is also represented on the Board of Directors. Management is expected to be effectively supervised by the independent directors on an informal basis as the independent directors are expected to be actively and regularly involved in reviewing and supervising the Company's operations and have regular and full access to management. Further supervision will be performed through the Audit Committee which is composed of independent directors who will meet with the Company's auditors without management being in attendance.

2. **Directorships**

Certain of the directors of the Company (or nominees for director) are presently a director in one or more other reporting issuers, as follows:

<u>Directors</u>	<u>Other Issuers</u>
Dale Corman	Spanish Mountain Gold Ltd. Western Copper Corporation Copper North Mining Corp.
John McClintock	Savant Explorations Ltd. Arcturus Ventures Inc. Silver Bull Resources Inc.
David Douglas	Savant Explorations Ltd.
Brandon Macdonald	Arcturus Ventures Inc.

3. **Orientation and Continuing Education**

The Company does not have formal orientation and training programs, but expects to provide new Board members with:

- (a) access to the Company's recent, publicly filed documents, technical reports in respect of the Company's mineral properties and the Company's internal financial information;
- (b) access to management and technical experts and consultants; and
- (c) a summary of significant corporate and securities responsibilities.

Board members are encouraged to communicate with management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management's assistance; and to attend related industry seminars and visit the Company's operations. Board members have full access to the Company's records.

4. Ethical Business Conduct

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity. The Board has adopted a Code of Conduct and intends to post the Code on its website. The Board intends to instruct its management and employees to abide by the Code.

In addition, the Board must comply with conflict of interest provisions in Canadian corporate law, including relevant securities regulatory instruments, in order to ensure directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

5. Nomination of Directors

The Board has responsibility for identifying potential Board candidates, although a formal process has not been adopted. The Board intends to assess potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board, management and representatives of the mineral exploration industry are expected to be consulted for possible candidates.

6. Compensation

The Company currently considers Brandon Macdonald and Larry Yau to be independent directors. They have had the responsibility for determining compensation for the directors and senior management.

To determine compensation payable, the independent directors intend to review compensation paid to directors and chief executive officers of companies of similar size and stage of development in the mineral exploration industry and determine an appropriate compensation, reflecting the need to provide incentive and compensation for the time and efforts expended by the directors and senior management while taking into account the financial and other resources of the Company. In setting the compensation, the independent directors intend to annually review the performance of the Chief Executive Officer in light of the Company's objectives and consider other factors that may have impacted the success of the Company in achieving its objectives. See also "B. Compensation Discussion and Analysis" under "IX. Statement of Executive Compensation" herein.

7. Other Board Committees

As the directors will be actively involved in the operations of the Company and the size of the Company's operations do not warrant a larger Board of Directors, the Board has determined that any committees in addition to the Audit Committee will not be necessary at the initial stage of the Company's development.

8. Assessments

The Board does not consider that formal assessments would be useful at the initial stage of the Company's development. The Board intends to conduct informal annual assessments of the effectiveness of each of the Board, the individual directors and the Audit Committee.

XIV. AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR

National Instrument 52-110 of the Canadian Securities Administrators ("NI 52-110") requires the Company, as a venture issuer, to disclose annually in its Information Circular certain information concerning the constitution of its audit committee and its relationship with its independent auditor, as set forth in the following.

A. Audit Committee Charter

The Company's audit committee is governed by an audit committee charter, the text of which is attached as Schedule "A" to this Information Circular.

B. Composition of the Audit Committee

The Company's audit committee consists of three directors, Dale Corman, Brandon Macdonald and Larry Yau. As defined in NI 52-110, Dale Corman is not "independent" and Brandon Macdonald and Larry Yau are "independent".

A member of the audit committee is "independent" if the member has no direct or indirect material relationship with the Company. A material relationship means a relationship which could, in the view of the Company's board of directors, reasonably interfere with the exercise of the member's independent judgment.

C. Relevant Education and Experience

NI 52-110 provides that a member of the audit committee is considered to be "financially literate" if he has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexities of the issues that can reasonably be expected to be raised by the Company.

All of the members of the Company's audit committee are considered to be "financially literate", as that term is defined in NI 52-110.

Dale Corman has over 30 years' experience as a senior officer of public mining companies. His roles have required that Mr. Corman understand, review and approve financial statements.

Brandon Macdonald possesses a B.Sc. (Geology) from the University of British Columbia, and completed his MBA at Oxford University in 2007. He has field experience in Mexico, the Yukon and Nunavut.

Larry Yau is a Canadian Chartered Accountant with over 20 years of financial and business experience gained primarily in the mining and resource sectors. He is currently the Chief Financial Officer for Spanish Mountain Gold Ltd., an advanced gold exploration company based in British Columbia. He was previously Manager, Corporate Development, at Placer Dome Inc. until its acquisition by Barrick Gold Corp.

The board of directors believes that the audit committee members have the relevant education and experience to comply with NI 52-110.

Since the commencement of the Company's most recently completed financial year, the Company's Board of Directors has not failed to adopt a recommendation of the audit committee to nominate or compensate an external auditor.

Since the effective date of NI 52-110, the Company has not relied on the exemptions contained in sections 2.4 or 8 of NI 52-110. Section 2.4 provides an exemption from the requirement that the audit committee must pre-approve all non-audit services to be provided by the auditor, where the total amount of fees related to the non-audit services are not expected to exceed 5% of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided. Section 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

The audit committee has not adopted specific policies and procedures for the engagement of non-audit services. Subject to the requirements of NI 52-110, the engagement of non-audit services is considered by the Company's Board of Directors, and where applicable the audit committee, on a case-by-case basis.

D. External Auditor Service Fees

In the following table, "audit fees" are fees billed by the Company's external auditor for services provided in auditing the Company's annual financial statements for the subject year. "Audit-related fees" are fees not included in audit fees that are billed by the auditor for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements. "Tax fees" are fees billed by the auditor for professional services rendered for tax compliance, tax advice and tax planning. "All other fees" are fees billed by the auditor for products and services not included in the foregoing categories.

The fees paid by the Company to its auditor for the period from the date of incorporation on August 3, 2011 to December 31, 2013 is as follows:

Financial Period Ending	Audit Fees⁽⁶⁾	Audit Related Fees⁽⁷⁾	Tax Fees⁽⁸⁾	All Other Fees⁽⁹⁾
December 31, 2013	\$24,500(est)	Nil	\$2,500(est)	Nil
December 31, 2012	\$24,500	Nil	\$2,500	Nil

E. Exemption

The Company is relying on the exemption provided by section 6.1 of NI 52-110 which provides that the Company, as a venture issuer, is not required to comply with Part 3 (Composition of the Audit Committee) and Part 5 (Reporting Obligations) of NI 52-110.

⁽⁶⁾ "Audit Fees" include fees necessary to perform the annual audit and quarterly reviews of the Company's financial statements. Audit Fees include fees for review of tax provisions and for accounting consultations on matters reflected in the financial statements. Audit Fees also include audit or other attest services required by legislation or regulation such as comfort letters, consents, reviews of securities filings and statutory audits.

⁽⁷⁾ "Audit Related Fees" include services that are traditionally performed by the auditor. These audit related services include employee benefit audits, due diligence assistance, accounting consultations on proposed transactions, internal control reviews and audit or attest services not required by legislation or regulation.

⁽⁸⁾ "Tax Fees" include fees for all tax services other than those included in "Audit Fees" and "Audit Related Fees". This category includes fees for tax compliance, tax planning and tax advice. Tax planning and tax advice include assistance with tax audits and appeals, tax advice related to mergers and acquisitions and requests for rulings or technical advice from tax authorities.

⁽⁹⁾ "All Other Fees" include all other non-audit services.

NORTHISLE COPPER AND GOLD INC.
(the "Company")

AUDIT COMMITTEE CHARTER

Mandate

The primary function of the audit committee (the "**Committee**") is to assist the Board of Directors in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to regulatory authorities and shareholders, the Company's systems of internal controls regarding finance and accounting, and the Company's auditing, accounting and financial reporting processes. Consistent with this function, the Committee will encourage continuous improvement of, and should foster adherence to, the Company's policies, procedures and practices at all levels. The Committee's primary duties and responsibilities are to:

- serve as an independent and objective party to monitor the Company's financial reporting and internal control system and review the Company's financial statements.
- review and appraise the performance of the Company's external auditors.
- provide an open avenue of communication among the Company's auditors, financial and senior management and the Board of Directors.

Composition

The Committee shall be comprised of three directors as determined by the Board of Directors, each of whom shall be free from any relationship that, in the opinion of the Board of Directors, would interfere with the exercise of his or her independent judgment as a member of the Committee.

At least one member of the Committee shall have accounting or related financial management expertise. All members of the Committee that are not financially literate will work towards becoming financially literate to obtain a working familiarity with basic finance and accounting practices. For the purposes of the Company's Charter, the definition of "financially literate" is the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can presumably be expected to be raised by the Company's financial statements.

The members of the Committee shall be elected by the Board of Directors at its first meeting following the annual shareholders' meeting. Unless a Chair is elected by the full Board of Directors, the members of the Committee may designate a Chair by a majority vote of the full Committee membership.

Meetings

The Committee shall meet at least quarterly, or more frequently as circumstances dictate. As part of its job to foster open communication, the Committee will meet at least annually with the Chief Financial Officer and the external auditors in separate sessions.

Responsibilities and Duties

To fulfill its responsibilities and duties, the Committee shall:

- i) Review and pre-approve all audit and audit-related services and the fees and other compensation related thereto, and any non-audit services, provided by the Company's external auditors. The pre-approval requirement is waived with respect to the provision of non-audit services if:
 - i. the aggregate amount of all such non-audit services provided to the Company constitutes not more than five percent of the total amount of revenues paid by the

Company to its external auditors during the fiscal year in which the non-audit services are provided;

- ii. such services were not recognized by the Company at the time of the engagement to be non-audit services; and
- iii. such services are promptly brought to the attention of the Committee by the Company and approved prior to the completion of the audit by the Committee or by one or more members of the Committee who are members of the Board of Directors to whom authority to grant such approvals has been delegated by the Committee.

Provided the pre-approval of the non-audit services is presented to the Committee's first scheduled meeting following such approval such authority may be delegated by the Committee to one or more independent members of the Committee.
